For Sale

Expressions of Interest

8 4 984 hectares

Aller Aggregation spans approximately 984 hectares of fertile black-soil slopes in the Upper Whitlow area. This is a rare, lifetime opportunity to secure a highly productive holding with proven capacity and exceptional versatility.

Agent's comments:

The rich black soils on this property are regarded as some of the most fertile in the district, making it an exceptional opportunity for grazing, cropping or mixed-farming enterprises. Having
